

EBS-Scholarship – Promoting hockey talents!!

Once again we proudly want to announce the ongoing cooperation between the **Wiesbadener Tennis- und Hockey-Club e.V. („WTHC“)** and the **EBS Universität für Wirtschaft und Recht** which is offering a scholarship programme for engaging hockey talents.

For the 7th time in a row the hockey scholarship will be awarded to aspiring hockey talents who are capable of completing an intensive international study programme at either the **EBS Law School** or **EBS Business School** and be part of the **Wiesbadener Tennis- und Hockey-Club e.V.** on and aside of the hockey field.

While this cooperation has already been established as an important institution for promoting talents from various regions, the purpose of these scholarship programme is to provide an excellent personal and professional development and to support a hockey careers by combining sports and education.

The EBS Law School offers a fully-fledged traditional law degree programme with a clear focus on business law and combines three high level qualifications in less than five years. In addition, the EBS Business School is consistently ranked among the top universities in all national university rankings by offering a broad based degree programme in business and management studies which qualifies graduates for a career in top management positions. The scholarship programme should enable high-talented hockey players to enjoy this kind of excellent education at a highly-ranked German university and at the same time pursue their team sport at one of the loveliest German hockey facilities.

Stefan Mayer-Schierning, who is responsible for the hockey department at the Wiesbadener Tennis und Hockey-Club e.V., comments: *„The scholarship has proven very valueable both for the students and the club in recent years and additionally has become a desirable possibility for many young talents in Germany. By offering an unique combination of field hockey and an excellent international education, we gain benefit for the city Wiesbaden, the EBS University and the WTHC. As a result, we were able to substitute players, who unfortunately left the club, by recruiting new talented students for our hockey club. Besides their studies and participation as professional players all present scholarship holders are also engaged as coaches in the youth team sector.“*

For further information concerning the application requirements and deadlines please visit us at **www.ebs.edu**. Furthermore, please feel free to contact Rixa Kroehl in case of specific questions regarding different study programmes at the EBS Law School as well as the Business School or a detailed discription of the scholarship programmes.
